REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the primary reason for allowance of the claim is the inclusion of the step of pressing the end face of the shaft top against the armpit or the front shoulder area; such a step cannot occur when the shaft is sandwiched between the arm and the body as shown by Collins (USPN 5,785,608). Further, the affidavit filed on 01 February 2007 under 37 CFR 1.131 is sufficient to overcome the Rock Steady reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
